Wolf Theiss

Smart people working on challenging projects for inspiring clients

Local focus on
a global scale.

Local knowledge

We focus on a unique part of the world: the complex and dynamic markets of the CEE and SEE regions. With our specialised knowledge and local office network, we support our clients in mastering complex business challenges and creating new opportunities.

In addition to our offices in 13 countries, we have regional desks covering Kosovo, Montenegro and North Macedonia. Our desks focus on smaller jurisdictions and help us to serve your needs. This allows us to provide seamless legal services across the region, ensuring coordinated advice in multiple jurisdictions.

The European Legal 500 described us as “arguably the best Austrian firm in Central and Eastern Europe”. Others agreed, such as The Lawyer naming us “Law firm of the Year” for Central Europe and for South Eastern Europe multiple times. It’s a reputation we’ve taken over 65 years to build. Since starting out in Vienna, we have grown into the largest fully integrated firm in Central, Eastern and Southeastern Europe (CEE and SEE). Our team now brings together over 390 lawyers, working across numerous practice areas in 13 countries. During that time, we have worked on numerous cases that have broken new ground.

The Wolf Theiss region

Many law firms talk about having a presence in multiple countries. But that often means they simply have links to other firms in the region. We prefer to have a real presence on the ground. It leads to closer client relationships and a better working knowledge of regional jurisdictions.
